New York State PSC Approves New Visions Petitions of Confirmation for its Franchise Agreements with the Town of Geddes and the Village of Solvay

Syracuse, N.Y. (January 25, 2011) New Visions Communications, Inc. a provider of affordable high-speed broadband solutions, today announced that the New York State Public Service Commission approved its Petition of Confirmation for Franchise Agreements with the Town of Geddes and the Village of Solvay at its monthly meeting held January 20, 2011. The Order and Certificate of Confirmation was issued and became effective January 24, 2011.

“New Visions would like to thank the Public Service Commission for their approval of our Petitions for Confirmation,” noted Carmen N. Branca, Jr., President of New Visions. “This is an exciting time for our company. Our new Internet Protocol TV (IPTV) service is a new competitive alternative to the video services offered by incumbent cable and satellite providers.” It is believed that New Visions new IPTV delivery will be the first of its kind in New York State. Internet Protocol will allow the consumer to access a multitude of services in an integrated way across applications and providers.

“After decades of being locked into incumbent cable providers, consumers here will soon have more choices, better entertainment, and a superior customer service experience. As we launch our BLINKTV service in the coming weeks, consumers will be amazed at the number of cable bundle packages they can choose from, the comprehensive channel lineup, the number of high-definition offerings, the clarity of the picture, and the real value they will be receiving for their entertainment dollar without all the gimmicks.” All these benefits and services will be delivered on New Visions new fiber- based Internet Protocol network.
